

2018 *RAV4*

TOYOTA

LOVE EVERY ROAD YOU TRAVEL

MAKE THE JOURNEY BETTER THAN THE DESTINATION.

These days, finding time to relax and unwind isn't an easy task. More often than not, 24 hours simply doesn't feel like enough. Which is why the 2018 RAV4 is designed to help you make the most of every moment, thanks to its responsive handling, striking, sporty design, and a premium interior that includes state-of-the-art features. And you can enjoy everything the fully capable RAV4 has to offer in a hybrid model as well. Playing hard has never felt so easy.

SE shown in Ruby Flare Pearl. Hybrid Limited shown in Electric Storm Blue. Hybrid LE+ shown in Magnetic Grey Metallic.

FRONT COVER Hybrid Limited shown in Electric Storm Blue.

THE FUN IS IN THE DETAILS

BRING COMFORT AND CONVENIENCE WITH YOU.

Who says you have to leave the comforts of home behind when you set out on your next adventure? With the RAV4, you'll always have everything you need. The dramatic and sporty exterior design will captivate you from headlamp to tail light. The spacious and versatile interior features premium materials and a long list of intuitive technologies for those sitting in the front or in the back to enjoy. Altogether, the RAV4 makes every trip worth taking. The only thing you'll need is a reason to stop driving.

KEY FEATURES

- Available Power Tilt/Slide Moonroof
- Available Power 8-way Driver's Seat
- Standard Heated Front Bucket Seats
- Available Dual Zone Automatic Climate Control

With accessory
Roof Rack Cross Bars shown

TECHNOLOGY RIGHT AT YOUR FINGERTIPS

AVAILABLE BIRD'S-EYE-VIEW CAMERA⁷ Toyota's Bird's-Eye-View Camera⁷ gives you a live, 360-degree view of your vehicle's surrounding area. This advanced feature helps you locate nearby objects, so you can park with more confidence than ever before.

Smart Key System/Push Button Start

Steering Wheel Bluetooth[®]
& Audio Controls

Display Audio System⁴
w/Navigation⁵

Multi-Information Display

VERSATILITY THAT KNOWS NO BOUNDS.

Don't just expect the unexpected, prepare for it. Thankfully the flexible RAV4 was designed to go with the flow. The optional foot activated Power Rear Liftgate with jam protection can make it incredibly easy to load in your gear, even with your hands full. The spacious cargo area includes a low, flat-load floor that not only allows you to carry more, but it also makes the perfect place to sit and watch the sunset with a friend or two.

2,080 LITRES OF CARGO SPACE (GAS MODEL ONLY) Some of the best adventures happen at the last minute. The convenient 60/40 split rear bench seats can easily fold down flat to create an impressive 2,080 litres of cargo space.

MORE OF WHAT YOU LOVE

RAV4. WITH THE BENEFITS OF A HYBRID.

This hybrid brings tech, style, and efficiency to every adventure. With RAV4 Hybrid's smart innovations and Toyota's proven hybrid powertrain, you can make the most of any trip. It features a combined 7.3 L/100 km fuel-efficiency rating without compromising performance, giving you the confidence you need even on really long trips. It's the RAV4 you know and love, with the benefits of a hybrid. The best of both worlds now comes with four wheels.

HYBRID GAUGE CLUSTER RAV4 Hybrid's unique gauge cluster lets you monitor the Hybrid Synergy Drive® system with just a glance. You can quickly track when the system is charging and providing power to the drive wheels, so you can get the most out of every drive.

ENERGY MONITOR The energy monitor indicates the operation of the gas engine, electric motor generator, and hybrid battery. As conditions change, it provides real-time information that shows how power is being distributed or how the battery is being charged.

THREE DRIVE MODES Tailor your RAV4 Hybrid drive to the conditions with a choice of three distinct modes. ECO mode helps you save at the pumps by enhancing fuel efficiency and promoting more efficient driving. Sport mode ups the fun factor by sharpening shift timing, throttle, and steering response, making RAV4 Hybrid respond more crisply to your driving inputs. And EV gives electric motor-only driving for zero engine noise and emissions at speeds up to 40 km/h, especially useful in the early morning, late at night, or when in a parking garage.

PERFORMANCE WORTHY OF AN ENCORE

YOU CAN'T HELP BUT ENJOY THE RIDE.

RAV4 features a 176 hp, 2.5 litre, 4-cylinder engine with Dual VVT-i. For added performance, the 6-speed Electronically Controlled Transmission with intelligence helps keep RAV4's engine in its sweet spot to optimize power output, while continuously adjusting itself to suit your driving style. RAV4 Hybrid boasts an innovative 2.5 litre, 4-cylinder Hybrid Synergy Drive engine. It includes a high efficiency Atkinson Cycle to give you responsive driving performance and impressive smoothness with a powerful 194 net hp.¹⁹ With a ride like this, who needs a destination?

AVAILABLE ALL-WHEEL DRIVE With the RAV4 Dynamic Torque-Control AWD system, engine power is distributed from front to rear, giving the driver maximum control on a variety of surfaces. RAV4 Hybrid offers Electronic On Demand AWD with intelligence. When additional traction is required, it automatically switches to AWD, utilizing an additional motor to drive the rear wheels.

KEY FEATURES

Available LED Tail Lamps
Standard Rear Spoiler
Available Sport Front Grille
Standard Hill-start Assist Control¹⁷
Available Trailer-Sway Control

Hybrid Limited shown in Electric Storm Blue.

BUILT TO HANDLE THE ROAD LESS TRAVELLED

PUSH YOUR LIMITS WITH THE ALL-NEW RAV4 TRAIL.

It's time to get off the beaten path and discover more with the all-new RAV4 Trail Package. With the perfect blend of greater capability and enhanced style, the RAV4 Trail lets you conquer more than the commute. It includes a host of exclusive features, like a hearty 18-inch. 5-spoke black alloy wheels, large overfender flares, durable rocker panel guard, integrated black roof rails, and an increased ride height to help you take on any trip and obstacle. Not to be outdone, the interior offers a premium experience with sporty materials and thoughtful touches that let you rough it in style and comfort.

READY FOR ANY CHALLENGE RAV4 Trail Package has an impressive towing capacity of 1,588 kg (3,500 lb). It also includes an upgraded radiator, supplemental engine oil cooler, and transmission fluid cooler so you can tackle the longest hauls with ease.

EQUIPPED FOR ADVENTURE Go beyond the boundaries. Thanks to the heavy-duty all-weather floor and cargo mats, you can bring some of the great outdoors back inside without worry. With the 120 V/100 W power outlets in the rear cargo area, you can power up your gear no matter how far off the grid your adventure takes you.

RAV4 Trail Package shown in Ruby Flare Pearl with Roof Rack Cross Bars & Towing Accessories.

Toyota
Safety
Sense

WE ALL DESERVE TO ARRIVE SAFE

At Toyota, we believe that no matter what the destination, everyone deserves to arrive safely. That's why we created Toyota Safety Sense™ (TSS)¹² – an advanced suite of innovative safety features designed to help protect drivers, passengers, pedestrians (TSS-P only) and people in other vehicles from harm. TSS is comprised of active features such as Pre-Collision System (PCS),¹³ Lane Departure Alert (LDA)¹⁴ and Automatic High Beams (AHB)¹⁶ and are standard on virtually all models. TSS represents the latest milestone in our long history of creating advancements and innovations in safety that have helped prevent crashes and protect people.

COMMITTED TO SAFETY

STANDARD TOYOTA SAFETY SENSE™ (TSS-P)¹²

DYNAMIC RADAR CRUISE CONTROL¹⁵ Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST¹⁴ Alerts you if you start to drift out of your lane when visible lane markings are detected. The Steering Assist function may also provide small corrective steering inputs.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION¹³ Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection (PCS w/PD) may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS¹⁶ Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams (AHB) can switch between high and low beams for you.

PEACE OF MIND

Just like every Toyota we build, the 2018 RAV4 is engineered to include an advanced integration of safety technologies to give you the confidence and peace of mind you need, no matter what type of road you are on. And it's that dedication to safety that makes Toyotas so dependable. In fact, over 90% of RAV4s sold in Canada in the last 20 years are still on the road today.¹⁸

8 AIRBAGS¹ The 2018 RAV4 comes standard with 8 airbags, which includes dual-stage driver and front passenger airbags, driver's knee airbag, front seat-mounted side airbags, roll-sensing front and rear head/side curtain airbags, and front passenger seat cushion airbag.

BLIND SPOT MONITOR¹¹ WITH REAR CROSS-TRAFFIC ALERT¹¹ When the available Blind Spot Monitor (BSM) detects a vehicle, it illuminates a warning indicator on the appropriate side view mirror to help you safely change lanes. Rear Cross-Traffic Alert (RCTA) works in much the same way. When you slowly back out of a driveway or parking spot, it provides audible and visual indicators to alert you of approaching vehicles.

FRONT AND REAR PARKING ASSIST SONARS RAV4 is available with Front and Rear Parking Assist Sonars that help you quickly determine the distance between your RAV4 and other vehicles with audible warning signals and a colour graphic that changes as you draw closer to the obstacle.

NEW VEHICLE WARRANTY SUMMARY

– No deductibles – no transfer fees

COMPREHENSIVE COVERAGE

3 YEARS OR 60,000 KM.
This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS

5 YEARS OR 100,000 KM.
This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL

COMPONENTS 8 YEARS OR 130,000 KM.
This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION

5 YEARS/UNLIMITED DISTANCE.
This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

DISCLAIMERS

(1) All Toyota vehicles shown in this brochure have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer. (2) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (3) Do not use the hands-free phone system if it will distract you. A compatible Bluetooth[®]-enabled phone must first be paired. Phone performance depends upon software, coverage and carrier. (4) Driving while distracted can result in loss of vehicle control. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. (5) Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your Dealer. (6) Siri Eyes Free is a trademark of Apple Inc., registered in the US and other countries. (7) Cold weather and other environmental factors may limit system. Operates at low speed or when parked. Do not rely exclusively on the system as it is not intended to replace safe attentive operation of the vehicle. You should also look around outside your vehicle, over your shoulder and use your mirrors to confirm clearance. (8) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect VSC system effectiveness. (9) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. (10) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. (11) Do not rely exclusively on the Blind Spot Monitor System and Rear Cross-Traffic Alert System. They are not collision-avoidance systems or substitutes for safe and attentive driving. (12) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (13) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (14) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (15) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (16) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (17) HAC is designed to help minimize backward rolling on steep ascents. This system is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. (18) Based on IHS Automotive Canadian Vehicles in Operation and New Registrations MY 1997-2016 as of June 30, 2016. Actual longevity of any vehicle will vary based upon operating conditions. (19) The maximum output indicates engine plus HV battery output. (20) HomeLink is a registered trademark of Johnson Controls. (21) [®]AeroPLAN and the AeroPLAN logo are registered trademarks of Aimia Canada Inc.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website **toyota.ca** – or your Toyota Dealer is your best source for up-to-date information.
