TOYOTA

## THE BEST ADVENTURES IN LIFE AREN'T FOUND ON A MAP.

Toyota trucks are made for the kinds of conditions you'll find in Canada. We know that because they have been tested all over the world, in some of the toughest conditions imaginable. That spirit continues with the 2018 4Runner. Even on uncharted roads, the 4Runner performs with the confidence of an SUV that's driven there a hundred times over. It offers outstanding power thanks to a 270 hp V6 engine, a reinforced body-on-frame construction, and a towing capacity of up to 2,268 kg (5,000 lb.). And with four unique models to choose from, including the TRD PRO with its exclusive heavy-duty, off-road features, there's a model suited for every type of explorer and any type of adventure. The 2018 4Runner is created ready. Ready to impress, ready to discover what's around every corner, and ready to conquer what's found – today and tomorrow.
