COROLLA

TOYOTA

AT TOYOTA WE'RE MORE THAN JUST A CAR COMPANY

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

PERFECTION PERFECTED

A CANADIAN FAVOURITE FOR OVER 30 YEARS.

With an athletic, aggressive exterior and premium interior that feature cutting edge technology and safety, the 2019 Corolla is destined to become another Canadian favourite. Remarkable fuel efficiency and dynamic drivability also mean that each time you get behind the wheel, you're sure to enjoy every part of the ride.

STYLE BALANCED WITH SUBSTANCE

WE NEVER STOP FINDING WAYS TO MAKE YOU STOP AND STARE.

Sometimes it's okay to stop and stare. Like when you're checking out the 2019 Corolla. Its sleek, aerodynamic shape takes design to the next level with features like distinctive LED Daytime Running Lights, rear combination tail lights with available LED backup lights, and an available rear spoiler. What's more, its available 17-in. alloy wheels add a dynamic presence, ensuring Corolla's good looks just can't be ignored.

COMFORT THAT FITS WHO YOU ARE

MADE FOR HOW YOU MOVE AND WHEREVER YOU WANT TO GO.

Inside Corolla's premium interior, you are surrounded by soothing materials and refined accents that create an exceptionally stylish and inviting environment. The spacious cabin comfortably seats five, with plenty of rear legroom to spare and has a 60/40 split rear seat that folds down to adapt to whatever big plans you have in store. And with a host of intuitive technologies, the 2019 Corolla keeps you connected to the people, places, and moments that matter to you most.

PERFORMANCE THAT THRILLS

DYNAMIC FEATURES THAT BRING EXCITEMENT TO EVERY DRIVE.

For those who demand precision and confidence in their drive, you'll find them both and more in the 2019 Corolla. The SE and XSE Package feature sport inspired finishes like a contoured steering wheel, front sport seats, and an aggressive rear spoiler. Couple that with the CVTi-S transmission for improved fuel efficiency, and you'll agree that this total package is the kind of responsive performance that you'll feel even when you're in park.

SPORT GAUGE CLUSTER WITH COLOUR MID

The available sport gauge cluster amplifies your drive with an illuminated speedometer and tachometer. And with the colour Multi-Information Display, you can see your fuel consumption, current song selection, and more — all at a glance.

PADDLE SHIFTERS

Available paddle shifters let you shift gears without letting go of the wheel. Just a light touch on either lever gives you lightning-fast gear changes, putting you in total control.

SPORT MODE

With the push of a button, the available Sport Mode turns up the excitement with CVTi-S transmission. Once enabled, the Engine Control Unit and simulated shift points are changed to enable a sportier feel.

FUEL EFFICIENT BY DESIGN

MAKE THE MOST OF LIFE, ONE KM AT A TIME.

The future of mobility needs to be efficient. As always, Toyota makes fuel efficiency a priority with the 2019 Corolla. Its streamlined exterior includes aero-stabilizing fins and a sleek finely tuned underbody that help to enhance handling and improve fuel efficiency. The Corolla LE ECO also offers Valvematic technology, matched with a Continuously Variable Transmission with intelligence and Shift mode, low rolling resistance tires, and a whole lot more to help you take advantage of every single kilometre. Sustainability, through smart, innovative design – just another way the Corolla will take you farther.

CVTI-S VALVEMATIC TECHNOLOGY

Corolla's Valvematic engine technology helps provide a more rewarding drive and greater fuel efficiency. The CVTi-S transmission adds smoothness and gives you more control, making the drive just as fun as instop-and-go traffic as it is on the open road.

ECO DRIVING MODE

The ECO Mode button available on Corolla LE ECO eases the gas pedal output and adjusts the air conditioning for enhanced fuel efficiency. Now you can go the distance for a long, long time.

SAFETY SHOULD NEVER BE AN OPTION

STANDARD TOYOTA SAFETY SENSE™ (TSS-P)!

No matter what roads you travel, Toyota Safety Sense™ is always there to keep you as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2019 Corolla, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

DYNAMIC RADAR CRUISE CONTROL²

Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST³

Alerts you if you start to drift out of your lane when visible lane markings are detected. The Steering Assist function may also provide small corrective steering inputs.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION⁴

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS⁵

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

COROLLA SELECT FEATURES

CE

DRIVETRAIN

- 1.8 Litre, 4-Cylinder with 132 hp @ 6000 rpm & 128 lb.ft. of Torque @ 4000 rpm
- Dual Variable Valve Timing with intelligence
- Electronically Controlled, Continuously Variable Transmission with intelligence & Shift Mode (CVTi-S Only)
- Ultra Low Emissions Vehicle
- 6-Speed, Manual
- Power-Assisted, Ventilated Front Discs, Rear Drums
- Combined City & Highway Rating 7.5 L/100 km 38 mpg⁶

ENTERTAINMENT & CONNECTIVITY

- 6.1" Touch Panel Display Audio, 6-Speakers, Glass Imprinted Antenna
- USB Input Port, Auxiliary Input Jack, Bluetooth® Hands-Free Phone Connectivity, Wireless Audio Streaming, Phone Book Access
- Siri Eyes Free®
- Steering Wheel Bluetooth® & Audio Controls
- 3.5" TFT Multi-Information Display
- ECO Indicator
- Backup Camera

INTERIOR

- Dust, Pollen, Deodorizing Air Filter, Rear Seat Heater Ducts
- Front Sun Visors with Extenders
- Front Bucket Seats with Fabric Seat Material
- 3-Spoke, Tilt & Telescopic Steering Wheel
- Driver & Front Passenger Seats with Recline Adjustment
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back
- Power Door Locks, Power Windows with Driver Side Auto Up/Down
- Resin Door Trim
- Piano Black Centre Cluster Accent Trim
- High Solar Energy Absorbing Windows Glass, Electric Rear Window Defroster with Timer

EXTERIOR

- Variable Intermittent Wipers
- Colour-Keyed Heated, Power-Adjustable Foldable Mirrors
- Colour-Keyed Door Handles
- Front & Rear Splash Guards
- Automatic Headlamp System, LED Daytime Running Headlights
- Bi-LED Headlamps
- 15" Steel Wheels & P195/65R15 All-Season Tires

SAFETY

- Toyota Safety Sense™ (TSS-P)
- Star Safety System™
- 8 Airbags
- Driver & Front Passenger Whiplash-Injury-Lessening Seats
- Hill-start Assist Control

OPTIONAL

- Air Conditioning (CVTi-S Only)

LE

Adds to or replaces features offered on CE

DRIVETRAIN

- Electronically Controlled, Continuously Variable Transmission with intelligence & Shift Mode
- Combined City & Highway Rating 7.5 L/100 km 38 mpg⁶

INTERIOR

- Automatic Air Conditioning
- Heated Front Bucket Seats with Premium Fabric Seat Material
- Driver & Front Passenger Seats with Recline Adjustment
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back & Centre Armrest
- Fabric Door Trim, Chrome Inner Door Handles
- Soft Touch Console Box Lid, Front Console Box with Lid, Front Passenger Rear Seatback Pocket
- Keyless Entry with Trunk Release

EXTERIOR

- Variable Intermittent Wipers, Wiper De-Icer
- 16" Steel Wheels & P205/55R16 All-Season Tires, T135/80R16 Temporary Spare Tire

OPTIONAL

UPGRADE PACKAGE (Available on LE CVT)

- 16" Aluminum Alloy Wheels, Wheel Locks
- Power Slide/Tilt Moonroof
- Leather-Wrapped Heated Steering Wheel

XLE PACKAGE (Available on LE CVT)

- Plus Upgrade Package
- P205/55R16 All-Season Tires
- Touch Panel Display Audio with Navigation
- Integrated SiriusXM® Satellite Radio
- 4.2" TFT Multi-Information Display
- Auto-Dimming Rear View Mirror with HomeLink® & Digital Compass
- Push Button Start, Smart Key System
- SofTex® Trimmed Seats
- 8-way Power Adjustable Driver Seat
- Front Passenger Seat with Recline, Fore/Aft Adjustments
- Tire Pressure Monitoring System
- XLE Badging

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

DISCLAIMERS

(1) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (2) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (3) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (4) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (5) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (6) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing.
