AT TOYOTA, WE'RE MORE THAN JUST A CAR COMPANY

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

ROUGH IT COMFORTABLY

REDEFINING THE PHRASE “UP FOR ANYTHING”.

The 2019 Sequoia is anything but ordinary. Built to last. Trusted worldwide. Sequoia lets you travel more roads than you ever thought possible with the pure power, strength, and versatility you need to face uncharted roads and unbeaten paths. Best of all, you can do it all in exceptional comfort. Sequoia's luxury interior was designed to surround you with soothing materials, quality features, and intuitive tech—because the journey should be just as enjoyable as the destination.

A TAILORED ENVIRONMENT

A PREMIUM EXPERIENCE, INSIDE AND OUT.

The 2019 Sequoia commands attention with a striking grille, LED Daytime Running Lights, and Smoked Tail Lamps. Inside you'll find premium upgrades, like chrome accents, high contrast stitching, and smart tech that makes getting to your destination that much more enjoyable. The cavernous cabin seats up to eight, depending on the trim level, and the second- and third-row seats fold flat to reveal 3,400 litres (120.1 cu.ft.) of cargo space. Whatever adventure your lifestyle has in store, Sequoia comes equipped to handle it all.

TRD SPORT PACKAGE

The TRD Sport Package offers extra style and capability to your drive with TRD Sport-Tuned Bilstein Front & Rear Shock Absorbers, TRD Front and Rear Sway Bars, 20" Black Alloy Wheels, Front & Rear Clearance Sonars, TRD Shift Knob, TRD Door Sill Protectors, and TRD badges.

North London Toyota

THE ROAD WILL CHANGE, BUT THE DRIVE NEVER WILL

Sequoia offers the toughness of a truck in the body of a versatile and sophisticated SUV, giving you the freedom to experience whatever the next turn has in store. It's forged on a fully boxed frame for strength and durability and boasts a powerful 381 hp 5.7L i-FORCE V8 engine with up to 3,220 kg (7,100 lb.) of towing capacity. And with a convenient one-touch 4WD system, 6-Speed, Automatic, Super Electronically Controlled Transmission, the 2019 Sequoia offers smooth shifting, improved driving, and enhanced fuel economy.

POWERFULLY CAPABLE

FRONT AND REAR SUSPENSION

Sequoia's independent double-wishbone front and rear suspension gives you the best of both worlds: responsive handling on pavement and a smoother ride off-road. This sophisticated suspension utilizes low-pressure gas-filled shock absorbers and hollow stabilizer bars. Also enhancing Platinum's on-road performance is Adaptive Variable Suspension with three settings ranging from "comfort" to "sport."

AUTOMATIC LIMITED-SLIP DIFFERENTIAL

Sequoia's advanced Automatic Limited-Slip Differential uses the brakes to help reduce wheelspin and enhance traction performance on unpredictable road surfaces like sand or mud.

TRAILER-SWAY CONTROL

Trailer-Sway Control is designed to apply brake pressure at individual wheels and manage engine torque to help the driver maintain control of the trailer.

ARRIVE SAFE

STANDARD TOYOTA SAFETY SENSE™ (TSS-P).¹

No matter what roads you travel, Toyota Safety Sense™ is always there to keep you as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2019 Sequoia, and it is designed to help protect drivers, passengers, pedestrians and people in other vehicles from harm.

DYNAMIC RADAR CRUISE CONTROL²

Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST³

Alerts you if you start to drift out of your lane when visible lane markings are detected.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION⁴

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS⁵

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

DISCLAIMERS

(1) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (2) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (3) Lane Departure Alert is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (4) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (5) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (6) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.
