AT TOYOTA WE'RE MORE THAN JUST A CAR COMPANY

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

BUILT FOR THE REAL YOU

BEAUTIFUL IN WAYS YOU CAN'T EVEN IMAGINE.

Everything about the 2019 Toyota Camry has been designed to help you get the most out of every road you travel. From its sleek, sophisticated lines, to its powerful and engaging drive, right down to the smart, thoughtful technologies that are seamlessly integrated throughout. The Camry leaves you with one distinct impression: this car is destined to bring you so much more.

North London Toyota

LEAVE A LASTING IMPRESSION

CAMRY. FROM EVERY ANGLE, IT'S SO MUCH MORE.

The 2019 Camry features sweeping curves and chiselled surfaces that aren't just for looks; they actually help redirect airflow to enhance efficiency and performance. From its aggressive front grille to its elegantly sculpted silhouette, the stunning style and craftsmanship are almost too beautiful to resist. And if you're looking for a little edge, the XSE and SE models push the limits even further, with a powerful stance, a sleek, lower roofline, a gloss black sports grille, and a rear spoiler.

PUTTING YOU FRONT AND CENTRE

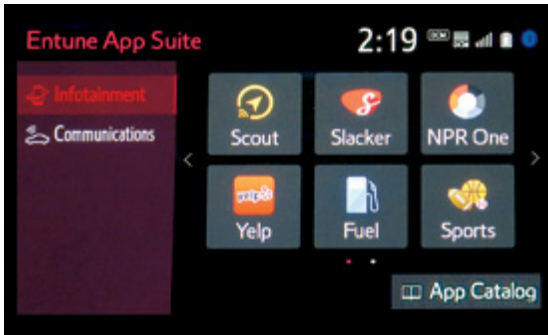

THE DRIVER'S SEAT NEVER FELT BETTER.

As stunning as the Camry looks from the outside, you'll be floored by how it feels on the inside. Graceful, fluid interior lines made of refined materials, creating a driver-oriented cockpit that literally wraps around you. In fact, you could say that it fits both your needs and desires. The seats are distinctively shaped with available leather trim and contrast stitching, and placed lower to create a generous interior space. The rear seats even feature the same dynamic and supportive design as the front seats. Such finely crafted details put a premium on everyone's comfort.

HYBRID INTERIOR

Camry Hybrid's inviting interior surrounds you with fine details such as the LE's layered wood accents and the SE's metallic trim for those looking for a sportier feel. Personalize any trip with a host of smart tech that offers important information to help improve your driving habits and overall ride comfort.

TECH THAT TAKES YOU FURTHER

ENTUNE™ 3.0 SYSTEM¹

The multimedia touch-screen display features a host of smart technologies including App Suite Connect,² Scout® GPS Link,³ and available Destination Assist,⁴ to help you to connect to the people, places and things that matter to you most.

SAFETY CONNECT⁵

Entune's available Safety Connect feature provides all around peace of mind and convenience. Drivers can be easily connected to Toyota's 24/7 response centre to get live support for roadside assistance in the event of an emergency, collision, or for help in locating a stolen vehicle.

APPLE CARPLAY™

Camry offers Apple CarPlay™ support as a standard feature. Connect your compatible iPhone® and get directions, make calls, send and receive messages, and listen to your own playlist with your voice through Siri and the touch-screen — all while maintaining focus on your drive.

ENERGY MONITOR

Tracking your efficiency is easy with Camry Hybrid's energy monitor. As driving conditions change, the monitor uses both the multimedia display and available Head-Up Display to show you how power is being routed to the drive wheels or how otherwise wasted energy is captured to charge the battery.

GO THE DISTANCE

The 2019 Camry injects a level of driving excitement into the category. Its strong, lightweight body offers exceptional handling, while its low wide stance delivers a responsive feel that puts you in command of the vehicle and the road. Whether you choose the 3.5-litre V6, or the 2.5-litre 4-cylinder gasoline engine or Camry Hybrid's 2.5-litre engine, you get remarkable power, enhanced fuel efficiency, and remarkable driving response to conquer every twist and turn.

DISCOVER A RIDE LIKE NO OTHER.

IMPROVED SUSPENSION

Camry features a multi-link rear suspension that delivers a smooth ride and sharp handling so you can take on any trip, from crosstown to cross-country.

PADDLE SHIFTERS

When the drive takes a spirited turn, Camry's available steering wheel-mounted paddle shifters give you the power to shift gears manually for a more controlled experience. They make extremely fast shifts possible with a precise, responsive feel.

SPORT/ECO/EV MODE

Camry Hybrid's Sport Mode improves throttle response, while ECO Mode adjusts throttle input to maximize efficiency. EV Mode enables electric driving to help reduce noise and emissions. More choices give you a more customized drive.

SMART SAFETY

STANDARD TOYOTA SAFETY SENSE™ (TSS-P).⁶

No matter what roads you travel, Toyota Safety Sense™ is always there to keep you as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2019 Corolla, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

DYNAMIC RADAR CRUISE CONTROL⁷

Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST⁸

Alerts you if you start to drift out of your lane when visible lane markings are detected. The Steering Assist function may also provide small corrective steering inputs.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION⁹

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS¹⁰

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

CAMRY SELECT FEATURES

LE BASE

DRIVETRAIN

- 2.5 Litre, 4-Cylinder, with 203 hp @ 6600 rpm & 184 lb.ft. of Torque @ 5000 rpm
- Variable Valve Timing with Intelligence on Exhaust Cam, Electronic Throttle Control System with Intelligence, Direct-Injection 4-Stroke Gasoline Engine, Variable Induction System, Cooled Exhaust Gas Recirculation System, Stainless Steel Exhaust System
- 8-Speed Direct Shift, Automatic Transmission, Sequential Shift Mode
- Combined City & Highway Rating 6.9 L/100km 4.1 mpg¹¹

ENTERTAINMENT & CONNECTIVITY

- 7" Touch Panel Display Audio, 6-Speakers
- Entune™ 3.0 Audio: Entune™ App Suite Connect includes – Traffic, Weather, Slacker, Yelp, Sports, Stocks, Fuel Prices & NPR ONE (No subscription required), Scout® GPS Link (3 year subscription)
- Works with Apple CarPlay™
- USB Input Ports, Auxiliary Input Jack, Bluetooth® Hands-Free Phone Connectivity & Wireless Audio Streaming, Phone Book Access
- 4.2" TFT Multi-Information Display, Backup Camera

INTERIOR

- Fabric Seat Material
- Manual Adjustable 6-Way Driver Seat
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back

EXTERIOR

- Power-Adjustable Foldable Heated Mirrors with Integrated Signal Lamps
- Front & Rear Splash Guards
- Automatic Headlamp System
- LED Headlamps, LED Rear Combination Lamps
- 16" Steel Wheels & P205/65R16 All-Season Tires, Full Wheel Covers

SAFETY

- Toyota Safety Sense™ (TSS-P): Dynamic Radar Cruise Control (Above 40 km/h)
- Star Safety System™
- 10 Airbags
- Hill-start Assist Control
- Tire Pressure Monitoring System

OPTIONAL

COMFORT PACKAGE

- Heated Front Passenger Seats

LE PACKAGE

- Heated Power Adjustable 8-Way Driver with 2-Way Lumbar Support & Manual 6-Way Front Passenger Seats
- 17" Steel Wheels & P215/55R17 All-Season Tires, Full Wheel Covers

LE UPGRADE PACKAGE

- 8" Touch Panel Display Audio
- Entune™ 3.0 Audio Plus: Entune™ App Suite Connect includes – Traffic, Weather, Slacker, Yelp, Sports, Stocks, Fuel Prices & NPR ONE (No subscription required); Entune™ Safety Connect® includes – Automatic Collision Notification, Stolen Vehicle Locator, Emergency Assistance Button, Enhanced Roadside Assistance (3 year subscription), Scout® GPS Link (3 year subscription)
- Integrated SiriusXM® Satellite Radio, Gracenote® Album Cover Art
- Dual Zone Automatic Climate Control
- Back Guide Monitor Alert
- Blind Spot Monitor, Rear Cross-Traffic Alert
- Push Button Start, Smart Key System
- Qi Wireless Charging
- Auto-Dimming Rear View Mirror with HomeLink® & Digital Compass
- Power Slide/Tilt Moonroof (SE)
- 18" Aluminum Alloy Wheels & P235/45R18 All-Season Tires (SE)

XLE

Adds to or replaces features offered on LE BASE

DRIVETRAIN

- Chrome Exhaust Tip
- Electric Parking Brake System
- Drive Mode Select (Sport, ECO & Normal Modes)
- Combined City & Highway Rating 7.5 L/100km 38 mpg¹¹

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

HYBRID-RELATED COMPONENTS¹² 8 YEARS OR 160,000 KM

This warranty covers repairs to hybrid-related components that are defective in material or workmanship under normal use and maintenance.

DISCLAIMERS

(1) Services are dependent upon connection to a compatible wireless network. The current compatible 3G GSM/GPRS cellular network is provided by a third-party wireless service provider. Toyota is not responsible for cellular network discontinuance. (2) Select Toyota Entune™ App Suite apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier; not all services are available all the time and in all locations, and are subject to change. (3) Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Availability and accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. (4) Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by Destination Assist are dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. (5) Contact with Safety Connect® response centre is dependent upon the telematics device being in operative condition, cellular connectivity availability, and navigation map data and GPS satellite signal reception, which can limit the ability to reach the response centre or receive emergency support. Once the trial subscription expires, enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms are available; charges vary by subscription term selected. (6) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (7) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (8) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (9) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (10) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (11) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (12) Includes: HV Battery, Battery Control Module, Hybrid Control Module and Inverter with Converter.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure.
